**QUESTION #4:**

You are writing a management report to communicate weaknesses in internal controls. A work paper shows a finding that the auditee did not have a signed contract with its contractor for revenue. The revenue was reported at \$75,000, a material amount during the audit period. The Accounting Procedures Manual that the auditee is required to follow states that ending reconciliations of sales must be performed and contracts must be signed by both parties. You also note in the work papers that the auditee did not have any additional documentation, such as revenue reports or reconciliations, to substantiate the amounts reported as revenue.

Focusing on the elements of an audit finding, write up the finding.
